

# Pre-lim Surface Cleaner

## Material Safety Data Sheet

**A gently abrasive paste for non-scratch  
cleaning/polishing of sensitive surfaces especially bright metals**

**MANUFACTURER:** Picreator Enterprises Ltd.  
44 Park View Gardens  
Hendon London NW4 2PN

**Directors:**  
J.D.Lawson, M.M.Lawson  
M.Burns

---

### **PRODUCT INFORMATION:**

**Chemical composition:** blend of hydrocarbon solvents, water, emulsifier, fillers, fine chalks and surface-active agents. Solids approx. 38%. Liquids include 37% water.

**Hazards identification:** Hydrocarbon solvents are flammable and may cause lung damage if swallowed.

---

### **FIRST-AID:**

**Eye contact:** Wash immediately with clean warm water for at least 10mins. If irritation persists seek medical advice.

**Skin contact:** Wash thoroughly with soap and water. Remove contaminated clothing.

**Ingestion:** Do not induce vomiting. In the event of vomiting turn person over on to face and obtain medical help.

**Inhalation:** Remove affected person to fresh air. If unconscious turn on to face; get medical assistance.

---

### **FIRE-FIGHTING:**

**Suitable:** dry chemical, alcohol-resistant foam, carbon dioxide.

**Unsuitable:** water jet

**Explosion hazards:** Closed containers may explode if exposed to fire; spray stock with cooling water.

**Protective equipment:** self-contained breathing apparatus.

**Combustion products:** toxic gases

---

### **ACCIDENTAL RELEASE:**

**Personal precautions:** Avoid breathing vapours. Remove sources of ignition.

**Environmental precautions:** If product in substantial amounts enters drains inform authorities.

**Cleaning spillage:** Scrape up and remove for incineration.

---

### **HANDLING AND STORAGE:**

Use product in well-ventilated area. Avoid contact with eyes and skin. Do not swallow. Do not inhale vapour. Store in cool dry place in original container. Keep sealed. Avoid naked flame or ignition sources. Keep apart from oxidising substances.

---

**EXPOSURE CONTROLS – personal protection:**

Respiratory:	Avoid breathing the vapour.
Ventilation:	Use in well-ventilated areas.
Eye protection:	Avoid contact with eyes.
Skin:	Wash with soap and water.
Occupational exposure:	OEL sol. 5mg/m <sup>3</sup> (8 hour TWA)

---

**PHYSICAL AND CHEMICAL PROPERTIES:**

Physical state:	soft paste
Colour:	light yellow-brown (buff).
Odour:	characteristic
Solubility in water:	immiscible
Vapour density:	above 1.

---

**STABILITY AND REACTIVITY:**

Conditions to avoid:	protect from heat, oxidising agents.
Materials to avoid:	strong acids, alkalis, halogens, oxidising agents, nitric acid, amines.
Decomposition products:	toxic gases: carbon dioxide/monoxide, hydrogen chloride gas, phosgene, chloride.

---

**TOXICOLOGICAL DATA:**

Eyes:	intense smarting, irritation.
Skin:	prolonged contact will defat, with dryness and possible dermatitis.
Ingestion:	may cause irritation of mouth, throat, digestive tract with vomiting and abdominal pain. Significant absorption may cause sleepiness.
Inhalation:	high vapour concentrations could cause intoxication, nausea and, in extreme cases, coma.

---

**ECOLOGICAL DATA:**

Mobility:	immobile
Persistence/degradability:	product is biodegradable

---

**DISPOSAL FACTORS:**

Do not dispose of indiscriminately. Observe local and national regulations.

---

**REGULATORY INFORMATION:**

Supply classification:	
Safety phrase:	(S2) S23 S24 S62
Risk phrase:	R10 R51/53
Key word:	FLAMMABLE

---

This product is supplied on the basis that it will be used for the purpose specified by the manufacturer, the user having taken all stipulated precautions.

The information in this data sheet does not constitute a hazard assessment and should not be used in lieu of the user's own assessment of workplace risks as may be required by any other health and safety legislation.

Where this product is used outside the jurisdiction of the United Kingdom such usage must conform with the foregoing data or relevant national standards, whichever is the more stringent.
